1. Poland has ordered a sharp reduction in traffic across the German-Polish border. This measure is aimed chiefly at the many German workers living on the German side of the Oder-Neisse line and working on the Polish side. All permits for such border-crossers have been canceled, and exceptions are granted only by special permission of the Polish authorities.
2. The Poles are also pressing the East German Foreign Ministry for an adjustment, in favor of Poland, of the line between German and Polish territorial waters in the Baltic Sea.
